

SOUTHWEST POOL & SPA SHOW
Award of Excellence

Award Categories

Please be sure to read each category carefully to insure your entries are in the right category. **ALL ENTRIES MUST BE ENTERED IN THE CORRECT CATEGORIES.** That means any vanishing edge pool must be entered in the appropriate vanishing edge category. Any vanishing edge or perimeter overflow pool entered in a non-vanishing edge category will be disqualified and removed.

RESIDENTIAL POOLS

Residential Concrete Pools valued at \$150,000 and above. This will only include the Pool and deck structure. All Outdoor Living spaces should be submitted separately and will be judged separately.

**If there is a question regarding the true value of the project, you may be asked to submit a copy of the original contract.*

1. **Freeform Pools 600 sf or less** - combination of curves, (and may include some straight lines)
2. **Freeform Pools 601 sf or more** - combination of curves, (and may include some straight lines)
3. **Geometric** -(e.g., rectangle, Roman-/Grecian-ended) or combination of straight lines, angles, and/or curves, **600 sq. ft. or less** of water surface area.
4. **Geometric** -(e.g., rectangle, Roman-/Grecian-ended) or combination of straight lines, angles, and/or curves, **601 sq. ft. or more** of water surface area.
5. **Vanishing Edge (any size)** - combination of curves, (and may include some straight lines) of water surface area. Water feature detail in which water flows over the edge of at least one of the pool walls and is collected in a catch basin or lower pool.

Residential Concrete Pools built for less than \$149,999.

(To qualify, contract for pool structure, equipment and deck cannot exceed \$149,000.)

**If there is a question regarding the true value of the project, you may be asked to submit a copy of the original contract.*
